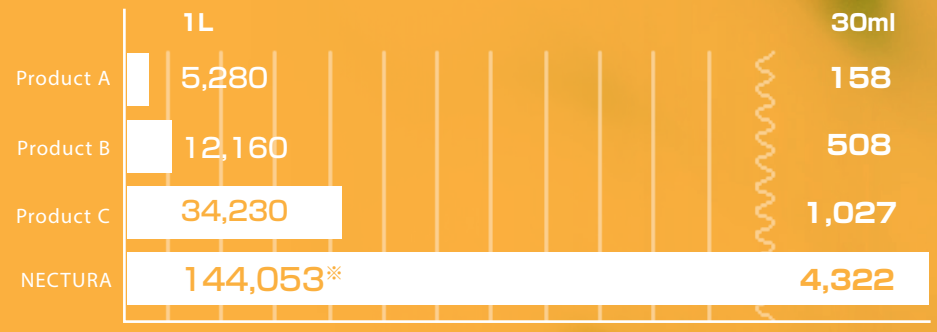
ORAC VALUE

ORAC (Oxygen Radical Absorbance Capacity) is a method of measuring the effectiveness of an antioxidant to neutralize free radicals in the body. The higher the ORAC value, the more powerful the antioxidant's capacity is against free radical damage.

Nectura™ has undergone extensive, proprietary testing by one of the leading independent, full-service bio-analytical laboratories in the world that specializes in the science of Antioxidants and Oxidative Stress. The results were astounding, with Nectura™ being the highest in the industry with a Total ORAC Power of over 144,000!

ORAC SCORE RATING



The HIGHER the ORAC SCORE, the MORE POWERFUL the Antioxidants are at FIGHTING FREE-RADICAL DAMAGE and MINIMIZING THE AGING PROCESS.
